Be READY

for Patient-Centric Nursing

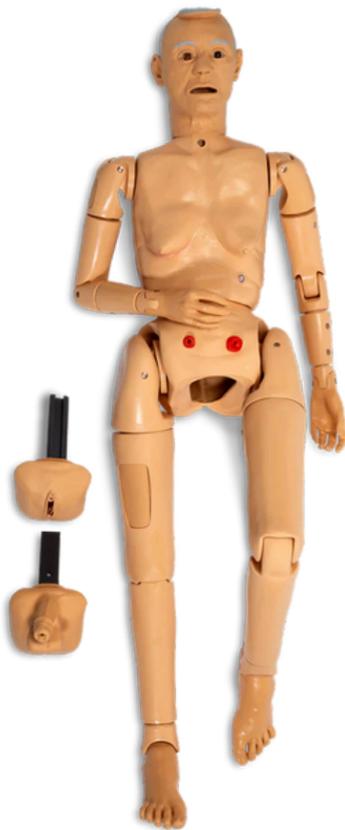

GERi™ & KERi™ Nursing & Patient Care Manikins

Realistic Patient Positioning, Flexibility & Superior Range of Motion

Complete lifelike range of motion, realistic patient positioning, and non-pinching joints - moves like a person.

- Lightweight - approximately 28 lbs.
- Full-size adult manikin - measures 58 in.
- Overall female appearance
- Converts to male with removal of wig and attachment of male genitals
- Each version is affordable and durable with upgradable items

GERi™ has an elderly appearance with skin wrinkles and folds.

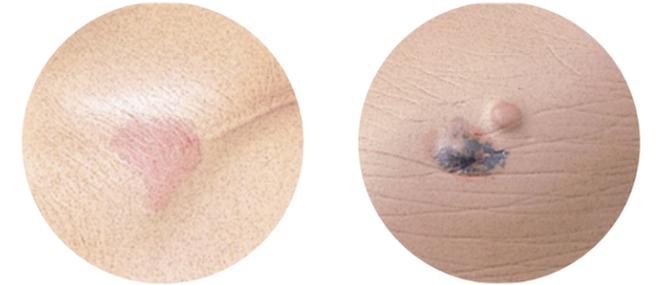

- **Basic patient care** – General patient care, daily living assistance simulation platform.
- **Complete patient care** – Physical skills practice simulation platform with injection, catheterization, and respiratory support.
- **Auscultation patient care** – All the features of complete patient care with added auscultation.

KERi™ has a non-age appearance.

Visual Inspection:

- Normal and cancerous mole
- Stage 1 sacral ulcer
- Dilated and constricted pupils
- Reddened skin folds
