### NEW Life/form® Multi-Venous IV & Injection Arm

A new and improved evolution of our sophisticated Life/form® Venipuncture and Injection Arm with complete venous access. This trainer simulates a complete full-size adult male arm.

- Upgraded with soft, lifelike skin “feel” that is long-lasting and durable.
- Narrowed floating vein site.
- Intramuscular and intradermal injections.
- Blood drawing and intravenous infusion.
- Primary vein, secondary vein and IV access.
- Non-visible/non-palpable vein access.
- Rolling, disappearing and “difficult” vein access simulation.

Replaceable skin and veins for long-term usability

Noticeable “pop” as needle enters vein

8 fluid lines

Deltoid muscle injection sites

Soft, flexible fingers and wrist

Available in light or medium skin tones

Realistic skin texture

#### Complete venous access: Hand veins

- Dorsal metacarpal veins
- Dorsal Intercapitular veins
- Branch of cephalic vein of thumb

#### Arm veins

- Basilic vein
- Cephalic vein
